ACHIEVEMENT TO UNLOCK: PRIME AMBASSADOR
First contact with an alien race.

This is it! One of the most exciting things you've been looking forward to as a space pioneer: first contact. The first interaction between humans and extra-terrestrials. So much rides on this meeting: if you offend them you risk war, but if first contact is a success you may have an ally for life.

(Tell us about the extra-terrestrial race you meet in the #space-exploration channel on Discord. What do they look like? Where do you meet them? On a planet? On a spacecraft? Are they amiable?)

Unlock this Badge to gain the rank of Prime Ambassador, and to have a mind-blowingly successful first contact.

FOR THIS BADGE YOU WILL:

- Be social! Interact with your fellow Explorers on Discord. Engage them in quantum discussions, study together, answer each others' questions, chat about space exploration, etc.

- Participate in social or community events.

Hit the Discord level of 4 or above.

The Quantum Explorers bot (Bob the alien) monitors Discord activity and assigns XP (experience points) to users. The more active you are, the more XP you get. As your XP increases your Discord level increases. Everyone begins with 0 XP at level 0.

In the #sandbox channel, use the **/rank** command to see your personal rank and level or the **/levels** command to get a link to the leaderboard, or simply access the leaderboard from this workbook.

Note: Discord level is NOT connected to Badge ranks. The numbers you see are unrelated to the Badge achievements you have. They are only connected to Discord activity and only contribute to the Prime Ambassador Badge.
